Testimonies

Experience of one of the beneficiaries

Mrs. G. Geetha
Headmistress
Government High School,
Ambalagere Village,
Hariyur taluk, Chitradurga district
Karnataka State - India

"When I look back to my first day in this school, what comes to my mind is the school building was in bad shape, basic facilities missing, hesitation of students to join this school, missing motivation and energy to perform up to their potential!!

I feel proud now when I stand in front of flag pole and look around the school, I appreciate and thank **CARE Trust** on behalf of my students, teachers, school management committee for their efforts in injecting new life into this school where they not only transformed physical building, they have also provided study essentials (note books, geometry box, dictionaries), career guidance sessions, digital classrooms for school and students. **CARE Trust** has become like an extended family for us whose services are instrumental in school face-lift and acting as catalyst boosting students' performance".

Experience of one of the donors

Mr. Deepak Gothe
Software Professional,
Bengaluru

"I personally know some of the trustees and their motto of encouraging the rural children to educate appealed to me. They have been doing amazing work for the cause of needy rural children in various villages in Karnataka.

They are an extremely committed and passionate group and their dedication towards the cause is exemplary. They deserve support and encouragement from the world of Philanthropy. I am glad to be associated them".
